Free Welfare Benefits Advice is available to all....

We know that the changes to benefits, and the process of applying for benefits itself, is a cause of significant distress to many people. For this reason additional resources have been made available in the Falkirk Area to respond to benefit issues as a result of Welfare Reform.

Free, confidential, impartial, and independent Welfare Benefits Advice Services in Falkirk are provided by:

Together we provide advice on a wide range of welfare benefits:

- help filling in benefit forms
- benefit checks to make sure you are claiming your full entitlement
- representation if you want to dispute a decision about your benefits
